

LOOKING AFTER THE BABY

This questionnaire is for the person who is mostly responsible for looking after the study baby.

It asks about your lifestyle as your baby is getting older. Your answers will help us understand what problems babies and their mothers have at this stage.

The questionnaire asks you to answer a number of questions and give your opinion about some ideas about caring for a baby. To answer simply tick the box which is most accurate in your opinion.

Some questions may seem similar, but they are not the same. Others will be the same as you have answered in earlier questionnaires. This is so that we can see how things may have changed for you.

Please answer all questions if you can even if they are similar. There are no right or wrong answers. Just tell us what you really think. All answers are confidential.

When you have finished you may make comments at the end.

THANK YOU VERY MUCH FOR YOUR HELP
